

Do you panic when you hear the word evangelism? It doesn't have to be that way.

Even though the gospel is the best news on the face of this earth, many believers don't know how to clearly share the good news. *Share! Make Christ Real to Others* offers practical insights to help a believer establish contacts with non-Christians and then a plan to share the gospel with them. This book is not only designed to equip a believer individually to share his or her faith, but it also instructs a small group how to witness to those outside the Christian faith. Jesus Christ was a "friend of sinners." This book encourages the believer to follow in Christ's steps by becoming a true friend to non-believers. It's a great resource to use individually, in a small group, or in a classroom teaching setting. In the back of the book, there's a coach's section to help guide someone else through the contents of this book.

**Topics include:**

- Evangelism as a way of life • Relational evangelism • Why the gospel is good news • The Holy Spirit's role in evangelism • How to discover open doors • Preparation in actually sharing the gospel plan • How to prepare your testimony
- Group evangelism • How to reach out through the cell group
